Target Role: Business Analyst GCO FLE

Company: Hitachi Energy

Subject: Application for Business Analyst GCO FLE - Kartik Bhatt

Dear Hiring Manager,

I am excited to apply for the Business Analyst GCO FLE position at Hitachi Energy. With over 3.5 years of experience at KPMG and GlobalLogic, I specialize in process automation, Power Platform ecosystems, and Copilot AI agents, and I'm eager to bring that background to your team.

At KPMG, I built a complete Power Platform solution driving 20,000 reach outs annually across 13 sectors, architected a multi-modal Copilot agent that saved 325 hrs annually, and led migrations across 45+ pillars — saving over 2,000 hrs annually in total.

At GlobalLogic, I engineered QA frameworks for Google's GenAI training datasets, lifting onshore project delivery quality from 74% to 95% while QA'ing 500+ pieces weekly across 10+ projects.

I would welcome the opportunity to bring this operational and technical expertise to Hitachi Energy and help drive measurable, scalable outcomes for your team. Thank you for your time and consideration — I look forward to the possibility of discussing this further.

Sincerely,

Kartik Bhatt
